Islandwide Flooding Advisory – DPW Crews Responding to Heavy Rains

(Tamuning, Guam, March 2, 2065) The Department of Public Works (DPW) advises the public that flooding has been reported in multiple areas across the island due to ongoing heavy rainfall.

DPW crews are actively responding and monitoring conditions, working to clear debris and address affected roadways.

Motorists are urged to use extreme caution, reduce speed, and remain alert for standing water and debris. If possible, avoid flooded areas and allow additional travel time as hazardous conditions may persist throughout the day.
