The Honorable
JOSHUA F. TENORIO
Sigundo Maga' Låhi · Lieutenant Governor

**4-WAY STOP SIGNS ON ROUTE 15
 EFFECTIVE TUESDAY AUGUST 9, 2022
 (8/5/22)**

As a safety measure, the Department of Public Works informs the public that new STOP signs have been installed at the intersection of Route 15 and Route 26 (Macheche) and the intersection of Route 15 and Route 29 (Gayinero Drive). The new ALL-WAY STOP (4-way Stop Sign) traffic pattern will take effect on Tuesday, August 9, 2022.

The new configuration will require motorists to stop on the north and southbound lanes of Route 15 at the intersections at Route 26 (Macheche) and Route 29 (Gayinero Road). New STOP signs, pavement markings and new STOP AHEAD signs have been installed along Route 15.

The Department of Public Works strongly urges motorists in the area to use caution and to follow ALL-WAY STOP (4-WAY STOP) rules when approaching these intersections.

The poster features logos for the Government of Guam, the Department of Public Works, and the Guam Transportation Program. The main heading reads "Prepare to STOP EFFECTIVE TUESDAY, AUGUST 9, 2022". Two red boxes list the locations: "Route 15/Route 26 Macheche Road - Dededo" and "Route 15/Route 29 Gayinero Drive - Yigo". The text explains that new STOP signs have been installed at these intersections and that the new ALL-WAY STOP traffic pattern will take effect on Tuesday, August 9, 2022. It also notes that the new configuration will require motorists to stop on the north and southbound lanes of Route 15. The Department of Public Works asks motorists to use caution and follow ALL-WAY STOP (4-WAY STOP) rules when approaching these intersections. At the bottom, it provides contact information for inquiries and a note that the ad was paid for by the Department of Public Works Federal Aid Highway Program through funds received from the Federal Highway Administration (FHWA).
